

WEBSITE DESIGN FEEDBACK PLANNER

What are your initial thoughts?

A large, empty white rectangular box with a thin grey border, intended for writing initial thoughts. A small pencil icon is located in the top right corner of the box.

How do you like the colours used on the website?

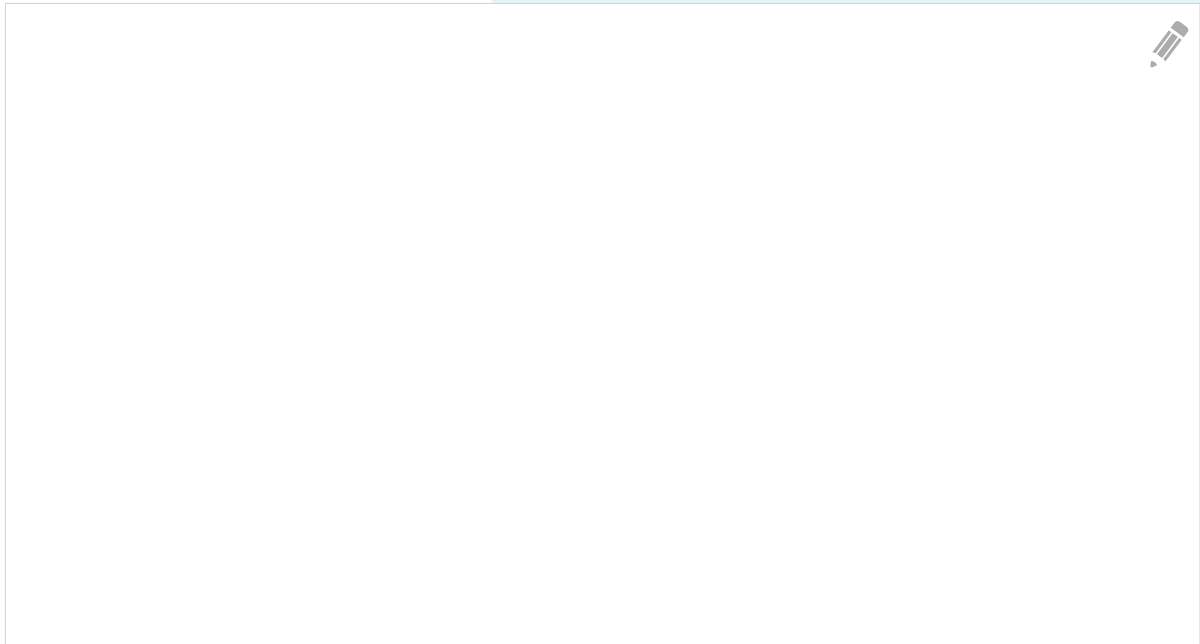

Please be specific to which item you are referring to, such as buttons, fonts, banners etc.

A large, empty white rectangular box with a thin grey border, intended for writing feedback on website colors. A small pencil icon is located in the top right corner of the box.

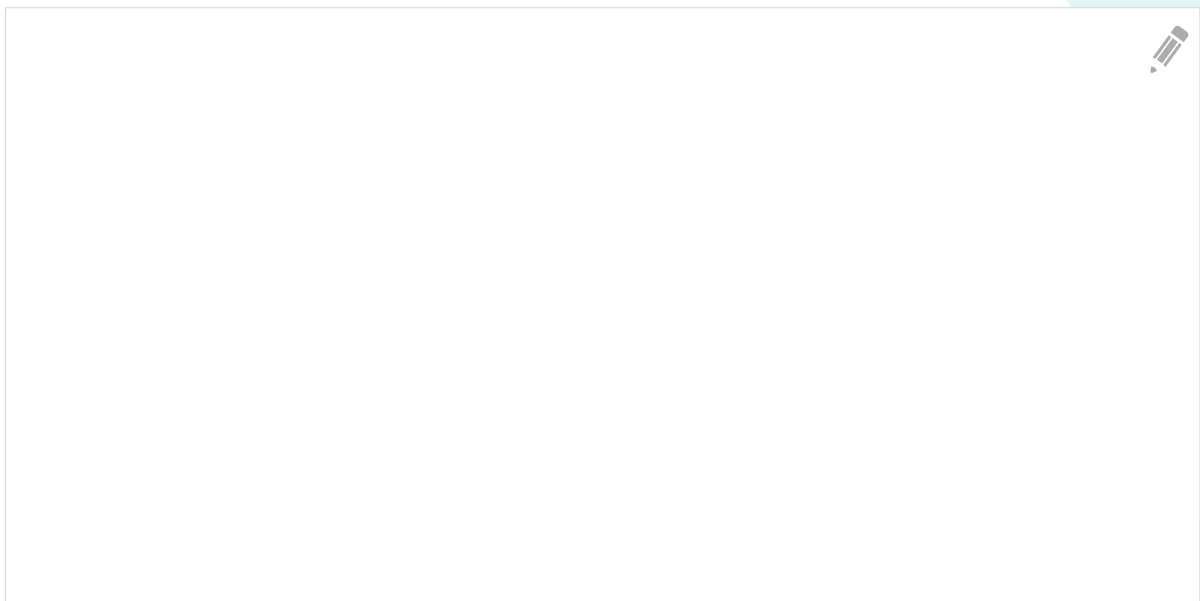

WEBSITE DESIGN FEEDBACK PLANNER

Do you like the way the site has been presented with the positioning of items?
If not, what don't you like about it and please be specific.

A large, empty rectangular text box with a thin grey border, intended for user feedback. A small pencil icon is located in the top right corner of the box.

Is there anything missing that you would like to include?

Please be sure to let us know of anything you think is missing at this point. It is much easier to include something here before the site has been developed.

A large, empty rectangular text box with a thin grey border, intended for user feedback. A small pencil icon is located in the top right corner of the box.

Do you like the text used on the calls-to-actions?

Please note that these are images and will require image editing to update them. If you have anything specific you would like to make these, please let us know as soon as possible.

A large, empty white rectangular box with a thin grey border, intended for providing feedback on the text used on calls-to-action. A small pencil icon is located in the top right corner of the box.

Do you like the images used?

If you would prefer other images, please describe the kind of images you would like to be used. If you have your own, please be sure to send them to Web123. If you feel we are way off track, have a look through www.shutterstock.com for some images that we can use. Please be specific to which images you are referring to.
